Progress and passion

For 25 years, the name rewaco is standing for terms like progress and passion in trike manufacturing. Driven by passion and enthusiasm, rewaco is permanently developing new solutions and creative possibilities for technics and design.

rewaco trikes are manufactured with hand work. For this purpose, specially selected high-quality industrial products by well-known makers and individually manufactured components are committing a reliable interaction. This combination alone enables the unique driving pleasure that our customers expect from a rewaco trike.

rewaco trikes are offered to many countries of the world, with the help of efficient dealer networks and exclusive importers worldwide.

*"When you wish to discover the unknown
and when average is no longer enough for you,
go ahead and require the special."*
